APOC 2018:
BORACAY, PHILIPPINES
2017 flew by just like that. It has been a year of added responsibilities with new designations with the APOS family. I’ve been often asked by concerned friends and young dentists on where do I find all the energy and drive to volunteer my time and efforts in dental committee work.

I guess I’m one of the few fortunate ones to be in a profession and specialty that I really love. With this dental community, I am able to explore my other interests such as organizing conferences, handling complaints, editor for newsletter etc.

When you enjoy what you are doing, you no longer feel that you got to drag yourself out of the bed and never have to work another day! You will also be what you are good at. Though it may sound cliché but it is indeed The Truth that helps in my daily life. So, it’s time to discover and unlock that innate potential that you possess!

Lastly, I would like to thank Dr Bryce Lee and my fellow executive members for having me in your committee. I’ve enjoyed myself tremendously under Dr Bryce Lee’s leadership; an office term filled with responsibility, yet never lack of convivial moments.

Looking forward to realizing my 10-year-old resolution of losing weight and getting ready for APOC 2018 at one of the world’s top resort; palm-tree lined island, Boracay!

**CONTENTS**

**Layout Editor:** Dr Richmond Loy
First, I would like to congratulate Yian San and her team from the APOS newsletter for fulfilling their responsibility of producing their promised 3 issues for this inaugural year of newsletter.

I have also requested that this final issue be printed to be distributed during the 11th APOC in Boracay. It is the vision of the Office Bearers of the APOS that the newsletter takes off and becomes a permanent fixture of the society.

"We are in our final leg of our term as office bearers of the APOS."
- Dr Bryce Lee

Immediately after the conference in Boracay, a new team will take over. It has been a very hectic 1 and 1/2 years for the OBs. We set out to accomplish several goals and we are very grateful that most of these have been achieved. More importantly, we have seen progress in the APOS and hope to pass the baton on to the next team with the society in better shape just as our predecessors did before we took office.

I would like to highlight certain projects that we, together with the entire executive committee, undertook.

**Financial Governance**
We tightened our financial procedures and also initiated a financial forecast so that EC member and in turn all fellows would know how the APOS monies are spent.

**APFORE**
The foundation has been formalised and will now begin its real work, which is to look into fund-raising efforts and setting up protocols and promotional materials. The ECs have also approved the setting up of the account in Singapore.
CODE OF CONDUCT
An EC and fellows code of conduct has been initiated and this will hopefully be formalised at the AGM in Boracay.

MEMBERSHIP DRIVE
As a result of this initiative and through the hard work of the secretary general, the number of affiliate member societies now number 19 with also the admission of 1 associate member society. We warmly welcome the Iranian Association of Orthodontists (IrAO) as our 19th member. We also welcome the Cambodian Association of Orthodontists (CAO) as our new Associate Member. We also plan to work closely with several other associations that wish to be members in the not too long future.

LAUNCH OF THE APOS NEWSLETTER
Finally, we saw the launch of the APOS Newsletter this year. Congratulations to Dr Seow Yian San, Editor and her team.

I thank the entire EC for their support and invaluable contributions. I’m also grateful to all fellows of the APOS. Especially to those who have participated in at least one of our projects. I encourage more fellows to do so.

I foresee the APOS becoming more relevant in the region as more orthodontists take advantage of the society to network and improve themselves. My wish is for the APOS to grow in size and stature and to one day become the leading regional association in the world.

We are more that an association of associations. We are one APOS, one family with one voice.

"WE ARE ONE APOS,
ONE FAMILY WITH ONE VOICE."

KOBE

WIOC 2017 was held on July 2-4 2017 in Kobe, Japan. Situated between mountains and the sea, Kobe offers a superb night view, its famous Kobe beef, and an urban landscape with an exotic atmosphere. Kobe’s location, it is nestled between the mountains and sea, gives the city beautiful natural diversity. - whether skiing on Rokko Mountain, relaxing in the Arima Onsen Hot Springs, or playing at the beach, Kobe has a laid-back and open atmosphere which can be enjoyed all throughout the year.

9TH WIOC

The city of Kobe welcomed the delegates of the 9th WIOC with warm sunshine and cool sea breeze. Starting the conference with a stellar panel of speakers was Dr Benedict Wilmes from Dusseldorf, Germany. Held in conjunction with the 59th Annual meeting of the Kinki-Tokai Orthodontic Society, there were Japanese lectures and workshops conducted in the vast Kobe International Convention Centre.

“The heartwarming part was the gathering of like-minded orthodontists of the world.”

-Dr VicPearly Wong
Dr Wilmes’s opening lecture on TADs

Dr Ravi Nanda speaking on the biomechanics and TADS to manage complex orthodontic problems

Opening ceremony for 9th WIOC

An array of fascinating research studies to the most challenging clinical cases.

Poster Presentation

Dr Nikhilesh, Dr Chng, Dr Somchai and Dr Yasuko

9TH WIOC

Thumbs up for the wonderful gala dinner by the organizers

Dr Himawan, Halim, Dr Somchai Satravaha and Dr Chng Chai Kiat with the mandatory selfie shot.
WELCOME RECEPTION @ KOBE PORTOPIA HOTEL

The welcome reception signifies the rekindling of friendship. It was held at the official conference hotel, the Kobe Portopia Hotel. As with all great parties, free flow drinks will bring on plenty of fun and laughter.

GALA DINNER @ THE LUMINOUS KOBE 2.

The much-anticipated gala dinner was a cruise around the Akashi Straits. It was held on the Luminous Kobe 2, an elegant cruise ship. The organizers timed the event at sunset to allow the guests to enjoy the surreal sunset by the edge of the sea.

KOBE AND HER BEEF

A trip to Kobe is never complete without having the world acclaimed beef. With the company of our food critic Dr Chng, we explored Kobe for the best beef and foods.

LOOKING FORWARD

The 9th WIOC was a platform for the congregation of the key opinion leaders of orthodontics and TADS. In its 9th year, the conference has only grown larger in attendance and enthusiasm. The lectures featured the new breakthroughs in TAD –orthodontics, breaching old boundaries of orthodontic mechanics. However, the heart-warming part was the gathering of like-minded orthodontists of the world; the rekindling of everlasting friendships and the formation of new ones. Looking forward to the 10th WIOC in Bali, Indonesia!
The 13th Jordanian and Arab Orthodontic Congress was held in Amman, Jordan from Sept 27-29th 2017. The Arab Orthodontic Society is a regional Orthodontic society in the Middle East and North African region with affiliate sister organisations. The APOS IPP Prof Nikhilesh Vaid presented a token of goodwill on behalf of the APOS to its sister regional society on the occasion. The APOS welcomes global cooperation amongst regional societies.

Dr Abu Alaeddin Khalaf, President of the Arab Orthodontic Society received the plaque on behalf of AOS.
The Annual General Meeting (AGM) of the Executive Committee Members (ECM) of the Asian Pacific Orthodontic Society was held last October 29, 2017 at Gyeongju, South Korea; hosted by the Korean Association of Orthodontists (KAO). Nineteen (19) ECMs and ten (10) observers were present. The meeting was chaired by the APOS President Bryce Lee and every ECM wasted no time to work on issues and various projects.

Among the highlights of the meeting was the approval of the membership application of the Iranian Association of Orthodontists (IrAO) as the 19th Affiliate member of the APOS while the Cambodian Association of Orthodontists (CAO) was given the Associate membership status. Increasing the APOS membership is one of the major thrust of the APOS President as he assumed office in September 2016 and it has started to bear fruit.

Conferment of the title “Honorary Fellows” were given to Kai Woh Loh (AOS) who served as the past President of the APOS and to Dr. Young Chel Park (KAO) who organized and chaired the 2nd APOC. Posthumous award as Honorary Fellows were also given to Dr. Renato Africa (APO) who designed the APOS Logo and to Dr. Fu Min Kiu (COS) who served as Vice President of the APOS and chaired the 5th APOC.
There are various projects the APOS has undertaken and the committee Chair in charge gave the report. Among them are the following; Financial Report by the APOS Treasurer Dr. Zakir Hossain, Residents Forum Report chaired by Vice President Dr. Zhou Yanheng, Foundation Report by Dr. Prashant Zaveri, the Board Report from Dr. Mike Razza, the APOS Journal Report by Dr. Nikhil Vaid and the APOS Newsletter report from the Editor in Chief Yian San Seow.

The APOC is the official APOS Conference held biennially and we look back at the past 10th APOC meeting as reported by IAO ECM Dr. Krisnawati Erry who was also the Chairperson for the 10th APOC. Update reports on the preparation for the 11th APOC meeting was presented by APO ECM Roberto Tan and the 12th APOC joint IOC Meeting by JOS ECM Keiji Moriyama as well.

Before the adjournment of the meeting, the ECMs offered a minute of silence to remember Dr. Laarni Serraon, APO Past President, who passed away last April. She was the APO President then to bid for the hosting of the upcoming APOC Meeting in Boracay this coming March 5-7, 2018.

After 4 ½ hours of discussion and exchange of brilliant ideas, everyone seems tired and exhausted but it was a very productive 2017 Face to Face AGM.

We look forward to the next AGM meeting in:

Boracay, Philippines

on March 7, 2018.
The Association of Philippine Orthodontists recently held its 9th Biennial Regional Orthodontic Conference in the Acacia Hotel in Manila. It was attended by over 240 local orthodontists and residents from the 4 graduate programs in the Philippines. Biomechanics Professor and Guru Dr. Chetan Jayade was the lone speaker for the 2 day event who gave an extensive lecture on clinical procedures in mechano-therapy plus a very memorable workshop on class II correction using the Forsus Appliance.

A pleasant surprise was the attendance of international guests and VIP's notably from Cambodia and Taiwan.
TAO President Dr. Johnson Tsin Chung Chen together with Vice President Spinx Lu graced the 2 day event with their warm extension of friendship. Dr. Johnson as only he can do, gave his warm greetings from Taiwan and invited the delegates to the 2018 TAO annual conference which will be a landmark event next year. Drs Johnson and Spinx raffled out 2 complimentary registration passes for the much anticipated conference much to the delight of the guests. President Sonita Veng, the President of the Cambodia Orthodontic Society presented APO President Martin Antonio V. Reyes with gifts from Cambodia as a sign of friendship between the two countries.

It was a memorable 2 days of camaraderie and learning for all the delegates who collectively appreciated having the regional conference in the National Capital Region. This event kicked off a series of seminars that will usher in the much anticipated 2018 Asia Pacific Orthodontic Conference which will be held in the beautiful island of Boracay from March 4-7, 2018.

"A pleasant surprise was the attendance of international guests and VIP’s notably from Cambodia and Taiwan."

Dr. Martin Antonio V. Reyes
Bangladesh Orthodontic Society (BOS) hosted its 3rd International & 6th National Conference in Westin, Dhaka, from the 10-11 November, 2017. The theme of the conference is “Orthodontics- Beyond Boundaries”. There were Pre-conference Hand-on courses on 9th November at the same venue. There was a trade exhibition.

“Eighty eminent international speakers share their knowledge by delivering series of lectures in this event. More than 200 qualified orthodontists (specialist dental surgeons) attended the conference.”
-Dr MD. Zakir Hossain

This congress intended to provide a vibrant platform among our budding orthodontic professionals and the many international speakers, especially from Asia Pacific Region of the world, to share ideas, explore new advances in orthodontic technology and foster closer ties. The program provided a mix of clinical oriented lectures. There was a poster session that consisted of sixteen participants.

We would like to express our heartfelt thanks to our international speakers, the President of Asia Pacific Orthodontic Society (APOS) , Dr. Bryce Lee, from Association of Singapore Orthodontists, Immediate Past President of APOS, Professor Nikhilish R Vaid (India), who is also the Executive Committee member of World Federation of Orthodontists (WFO), formerly APOS President, Dr. Somchai Satravaha, Thai Association of
Orthodontists, Dr. Dennis Lim, Association of Philippine Orthodontists, Dr. Zakir Hossain of Bangladesh Orthodontic Society, Dr. Narayan Gandedkar, KK Women’s & Children’s Hospital, Singapore.

The conference was followed by a cultural show & Gala Dinner. Dr. Bryce was the chief guest for the opening session, and the other Guest-of-honor were Dr. Abdul Khaleque, Dr. Nikhilesh, Dr. Eric, Dr. Somchai, Dr. Dennis, Dr. Narayan.

The Chief’s guests & all other speakers each gave a brief speech following the opening speech by Dr Zakir Hossain. At the end of the opening session, the President BOS, Dr. Zakir Hossain announced the name of five honorary members of Bangladesh Orthodontic Society for their contribution and continuous support in the improvement of orthodontic education in Bangladesh. They are Dr. Kazuo Tanne of Japan, Dr. Bryce, Dr. Eric. Dr. Nikhilesh & Dr. Somchai. They had been honored by awarding Crest of Appreciations & Certificates of Honorary Members of BOS.

At the end of the opening session, the president of BOS expressed his heartfelt gratitude to all the international speakers and local participants, who have guided and inspired on this journey and held our hands warmly. He congratulated everyone who had made this conference an enjoyable and educationally stimulating congress.

INTERNATIONAL SPEAKERS:

Dr. Md. Zakir Hossain; BDS, FCPS (Hon), PhD
Formerly Professor & Head
Department of Orthodontics
Dhaka Dental College & Hospital

President, Bangladesh Orthodontic Society (BOS)
Treasurer, Asian Pacific Orthodontic Society (APOS)
American Association of Orthodontists (AAO)
International Member
AAO Ambassador to Bangladesh.
Web: www.bosbangladesh.com
The Indian Orthodontic Conference, in its 52nd year, was organized with great pomp and splendor at BM Birla Auditorium, Jaipur from November 17-19, 2017. The conference registered the largest-ever gathering of Orthodontists as well as Orthodontic Post-graduates from all over the world. As it stands, it was also one of the biggest scientific delegation of foreign and national speakers to impart knowledge on the advanced CAD-CAM technology that has revolutionized the field of Orthodontics.

This year, two new concepts were introduced to the format of the conference. Firstly, a pay and eat food court was made available to the guests. Secondly, a conference mobile app was offered to attendees to keep track of events. Both of these unique propositions were very well received by the Orthodontic Society.
In all, five pre-conference workshops were organized. The first one saw participation from luminaries of the field - Dr William Clark and Dr O.P. Kharbanda. Interestingly, they are known as the twins of the Twin Block Technique. In their sessions, they shared insights on the Transverse & Sagittal Correction with a new Transforce appliance. Dr Anoop Sondhi & Dr Sandra Tai opened a world of knowledge on Self Ligation with variable prescription and Invisalign respectively. Dr Praveen Shetty and Dr Tushar Hegde introduced Lingual Orthodontics. Also, Dr Rohit Sachdeva of U.S.A. took a session on the key concepts of Bio-Digital Orthodontics.

Also, there were three prestigious orations. These were carried out by Dr Anmol Kalha, Dr Rohit Sachdeva, Dr Surendra Shetty, and Dr Pradeep Tandon. These orations were applauded by the participants owing to their wealth of knowledge in the field of orthodontics and insightful discussion on the future of Digital Orthodontics.

At the event, a very coveted honor of The Lifetime Achievement award was bestowed on Dr Mani K. Prakash. He is known to be one of the most dynamic & charismatic orthodontist of all time.
In the present election, Dr. Shailesh Deshmukh took over as the President of Indian Orthodontic Society 2017-18. Along with him, Dr. Pradeep Jain was selected as the President Elect and Dr. Balvinder Singh Thakkar, Organising Secretary of 52nd IOC, Jaipur as the Vice President of the Indian Orthodontic Society.

The grand inaugural function of the event was held at B.M. Birla Auditorium showcasing the journey of the Indian Orthodontic Society in all its richness. It was followed by a memorable cultural evening complete with glittering performances rendered by Rajasthani Bhapang artists and Ghazal singers. A lavish presidential banquet dinner was organized at the Sharma Farm House in Jaipur and was followed by an enthralling Bollywood Night Party.

**It was a three-day fest complete with luxury, cultural treats, intellectual discussions, and full dose of fun. It will be remembered by many for long!**
The 15th Iranian Annual meeting and the 2nd Symposium hosted by the Iranian Association of Orthodontists was held in Kermanshah, Iran from the 5th-7th of December 2017.

The President of the IAO Dr Mahdi Kashnani and the Chair of the meeting Dr Amin Golshah welcomed delegates more than 200 delegates from across Iran. The speakers were Dr Nejat Erverdi, Dr Nikhilesh Vaid, Dr Banu Arcar and Dr Sridevi Padmanabhan.

The WFO ECM and IPP - APOS, Dr Nikhilesh Vaid presented a memento to the Iranian Association of Orthodontists as a goodwill gesture and welcomed IrAO members as APOS fellows.
RESERVATIONS IN
Paradise

APOC 2018:
CULTURE OF SMILES
From **March 4-7, 2018** the Asian Pacific Orthodontic Conference will be happening in the best island in the world, Boracay, as voted for by the readers of Condé Nast Traveler in the Reader’s Travel Awards for 2017. Seventeen of the best orthodontic speakers from all over the world will be coming to Boracay as well as delegates from the 18 Affiliate Societies of the APOS.
Boracay is just a short plane ride of less than an hour from Manila to the nearest airport located in Caticlan. Delegates arriving in Kalibo International Airport have to take an one and a half hour shuttle van to Caticlan. From Caticlan it is just a 10 minute boat ride to the island of Boracay. March is one of the best times to visit Boracay as we usher in the summer season in the Philippines.

Light and cool clothing or resort wear will be the convention attire.

“White Party” beachside Gala Dinner and show for all the delegates with a “Fantasy” or fun-at-sea theme..... so get ready to party the night away!
To help you enjoy the utmost beauty of Boracay:

**TIP 1:**

- It can get very crowded in Boracay during the summer peak season especially along the most popular beach on the island – “White Beach” which is a 4 kilometer-long postcard-perfect stretch that is divided into three stations (Station 1, Station 2, and Station 3).
- Apart from the glorious view, this is also the place where all the action happens! From bars, hotels, restaurants, to shops and more! So it naturally happens that this is the most crowded part of the island.
- Fortunately however, there are other white sand beaches in Boracay that you can explore which are above all, less packed.

**TIP 2:**

- There will be lots of things for you to do in Boracay before, during and after the conference so get ready!
- Go beach-hopping to enjoy the island’s 14 white beaches and turquoise waters.
- Enjoy the sunrise and the most amazing sunset.
- Join the island’s lively nightlife and events.
- Indulge yourself with the local food.
- Try out the various water sports and activities.

It should be apparent by now that Boracay is packed with a lot of activities and attractions that can attract every kind of traveler out there. It may be a touristy place now, but its glory still remains especially if you know what to expect, what to do, and where to go...

So what are you waiting for?

Start planning your perfect summer escapade to

**BORACAY, APOC 2018!**

Dr. Jose Manuel R. Rivera
Local Organizing Committee Chairman, APOC 2018
www.apoc2018.org
The 2nd edition of the APOS Trends Awards for excellence in publication were announced at the APOS AGM in Gyeongju, South Korea on 29th Oct 2017.

These awards were instituted in 2015, and are awarded every two years. This year’s awards are for publications in APOS Trends in the year 2015 and 16. The winners have been invited to present their papers at the Journal Awards at APOC 2018 in Boracay and to receive their awards.

An independent jury comprising of Prof Keiji Moriyama, Dr Tanan Jaruprakorn (Chairman) and Prof Mudassar Fida evaluated and scored the articles.

**FU MINKUI APOS TRENDS AWARD FOR THE BEST CLINICAL ARTICLE (2015 -16)**

Orthodontic management of a periodontally compromised dentition - Zaveri Prashant Vol 6 No 1.

**RENAITO AFRICA APOS TRENDS AWARD FOR SECOND BEST CLINICAL ARTICLE (2015 -16)**

Orthosurgical management of an asymmetric case with class III malocclusion and transversal problem in the maxilla - Juan Carlos Perez Varela, Beatriz Iglesias Sanchez Vol 6 No 3.

**JYOTHINDRA KUMAR APOS TRENDS AWARD FOR BEST ORIGINAL RESEARCH ARTICLE (2015 -16)**

Evaluating condylar head morphology as it relates to the skeletal vertical facial dimension: A three dimensional semi-automated landmark study Curtis Contro, Arthur J Miller, David Hatcher, Snehlata Oberoi Vol 6 No 5.
However, a Certificate of Merit in this category is awarded to:
Three-dimensional canine loop for management of buccally erupted canines Praveen Mehrotra, Jitendra Bhagchandani, Sonahita Agarwal, Anchit Thukral Vol 5 No 5.

The awards are named after important fellows and former ECMs of APOS who have contributed to the formation of the Association. In addition, awards for best reviewers have been also announced and the winners are -

**Mark Wertheimer (South Africa)**
**Jayesh Rahalkar (India),**
**Laith Makki (UAE)**

The next set of awards for publications in 2017 and 18 will be announced in 2019 and awarded in 2020.
